

FLOWERS - WHEN COULD I SEE THEM IN ISRAEL ?

F

In March and April ~~flowers cover the~~ hills and fields in the land of Jesus. This is a beautiful time to visit this land.

When Jesus was a boy, He must have looked to see the first flowers come to the fields. How glad He was. Now there would be warm, sunny days. Perhaps Jesus walked out over the hills to pick some of the flowers for His home. He must have thought about God then. He must have remembered God created these flowers. God put them here on this hill. God cares for them. God is good.

Jesus grew up to be a man. Jesus tried to tell the people how God cares for each one of them. Jesus reminded the people of the flowers growing all around them. These flowers do not work hard. These flowers do not spin thread for their garments. Yet even King Solomon was not dressed as beautifully as these flowers are.

The flowers in Israel do not last long. The hot sun comes, the rains stop. The flowers dry and wither. Soon they are gone from the hills and the plains.
