

The pomegranate tree is one of the important fruit trees in Israel. This is a small tree with thin branches. The flowers are scarlet. The fruit grows at the ends of the branches. The fruit has a hard rind. It is a deep orange color. Inside the fruit are many seeds. Around each seed is a deep red, juicy pulp. The juice has a tangy taste. It is a favorite drink in hot months in Israel.

What can you read about pomegranates in the Bible?

I Kings 7:8-20

Deuteronomy 8:7

Exodus 28:33-34
