PAME Report

Several months had passed seeing more of God's goodness, faithfulness and preservation in our midst! That's why we will not stop making known of it to the people! By God's strengthening in doing God's work by the month of February, we reached 25-36 attendance during Sunday services, 17 souls saved, and 8 students we taught on discipleship every week, 11-15 children we also taught during our extension class. By this month by the help of La Carlota BBC we held a medical mission with 26 souls saved, and one night revival with 73 attendance and 21 soul saved. Thank God by the month of March God opened new families where we could conduct bible studies and start an extension church after our afternoon service every Sunday. Last extension church service we reached 19-25 attendance. This month we reached 24-34 attendance during Sunday service and 28 souls saved. Lastly on the month of April, by God's working 3 souls followed God in water baptism, 23 souls got saved during our bible studies and extension church and 35-40 attendance during Sunday services. And we truly thank God expanding His ministry in our place. We also thank God for your help in making this possible through your financial support every month. We praise God for being so kind in helping missionaries, and he knows how grateful we are for having you our partners in the ministry. Surely God will bless you more and more as you do great things for His glory. Thank you for your prayers. We are always praying for this ministry that you could continue helping missionaries so we could continue fulfilling the heartbeat of God and doing His great commission!
