Dear Dr. Cotter,
Greetings from Cambodia!

2nd quarter '15

The 2nd quarter of this year has gone from hot summer to rainy season. But our ministry has to move on to preach the Word out of season. Our Phnom Penh Church and mission outreaches in the provinces of Khandal, Takeo, Preyveng and Kratie are the fruits of our partnership. Please continue to uphold us in your prayers as we empower our local Missionaries to carry on the ministry. Our goals for the last 15 years have been realized by the grace of God because you are here holding the ropes for us. In behalf of my family, Lifegate Baptist Church and our children in Haley's House of Hope, thank you for our partnership. We are greatly honored to be your representative in reaching the lost in this part of the globe. Rejoice with us for the 113 souls got saved and 4 young men who surrendered and study in Bible College (2 from Preyveng province and 2 from Khandal province).

Makara as we fondly called him was 7 years old when he first attended our children's Sunday school at the widows' island. His mother, a widow wanted him to live in the church so he can continue his schooling. We were hesitant but when we saw him catching fish in the rice field, the Lord burdened our hearts and took the challenge in molding his life and to be his foster parents by the grace of God.

BEFORE

Trained as a Preacher

AFTER

Currently, Makara is the Pastor in our Widows Island Ministry, Khandal province. It was our vision 12 years ago that someday, a young man from the island will Pastor them. What a joy to see him continue the work which we started in 2003. Makara's vision is to reach Khandal province and the borders beyond. To date, a ministry in Southern Vietnam border was started in October 2014. Please pray for him.
